**Supervisor Comments:**

The 2nd Quarterly Report of the One Province, Mobile Blood Bus Project provides an insightful overview of the blood collection efforts undertaken from Baishakh to Asar 2081. The successful mobilization of the NRNA Mobile Blood Bus in Koshi, Madhesh, and Lumbini Provinces is evident from the comprehensive data presented. The report highlights that a total of 1,257 units of blood were collected, showcasing the efficiency of the mobile units and the strong engagement of local donors. The breakdown of blood collection across the provinces demonstrates the effectiveness of the deployment strategy and the significant impact of the project in addressing regional blood supply needs. This achievement underscores the importance of continued support and collaboration between NRCS chapters and NRNA in enhancing blood donation efforts and meeting the needs of healthcare facilities.

**Conclusion:**

The 2nd Quarterly Report underscores the success of the NRNA Mobile Blood Bus Project in optimizing blood collection across key provinces. The impressive total of 1,257 units collected during this period reflects the project's effectiveness and its critical role in addressing blood supply challenges. The continued support and expansion of the Mobile Blood Bus Project are vital to sustaining these positive outcomes. By building on this momentum, we can ensure a reliable and consistent blood supply for healthcare facilities, ultimately benefiting countless patients in need.
